Dear USDOJ and Judge Kollar-Kotelly

I AM AGAINST THE SETTLEMENT AGREEMENT . IT IS AN INEFFECTIVE SLAP ON THE WRIST! I expect to see the USDOJ attorneys who drafted this sellout of the USA, working for Microsoft or it's law firms in the future.

This is a shameful scandal that will take its place in our government's history along with the Teapot Dome Scandal and the Watergate coverup.

I am a citizen of the USA. I have a degree in Film and Television from NYU and a Masters Degree in Interactive Technology in Education from Harvard. I also am President of a multimedia company.

MICROSOFT IS ALREADY WORKING TO LEVERAGE IT'S MONOPOLY IN OPERATING SYSTEMS AND EXTEND IT'S ANTICOMPETITIVE, PREDATORY TACTICS AND CREATE FURTHER MONOPOLIES IN COMPUTER SOFTWARE AND GAMES, INTERNET ACCESS AND CONTENT, VIDEOGAME SOFTWARE AND HARDWARE, COPY PROTECTION TECHNOLOGY AND

UNDISCLOSED FUTURE TECHNOLOGIES

As a consumer, a technology professional and a small business owner: I HAVE PERSONALLY EXPERIENCED THAT MICROSOFT IS A THREAT TO THE SPIRIT, FREEDOM

AND ECONOMIC FUTURE OF THE UNITED STATES OF AMERICA; IF IT'S CONSISTENTLY(COURT PROVEN) MONOPOLISTIC,ILLEGAL, IMMORAL, ANTICOMPETITIVE, PREDATORY TACTICS AND ACTS ARE NOT STOPPED!

To add insult to injury, Microsoft exhibited it's arrogant disregard and disrespect for the citizen consumers, laws and courts of the USA by lying in depositions and court testimony and fraudulently misrepresenting facts in courtroom demonstrations in the recent trial.

Clearly the citizens and governments of Seven States have the courage to hold out for Justice. DO THE RIGHT THING, AMERICA IS WATCHING!

THANK YOU, William J. Roberts
